### Amendments To The Claims

The listing of claims replaces all prior versions and listings of claims. Only those claims being amended herein show their changes in highlighted form, where insertions appear as underlined text (e.g., insertions) while deletions appear as strikethrough text (e.g., ~~deletions~~).

1. (Original) A method of warranting a product, the method comprising:  
providing one or more product monitors capable of monitoring use of a product; and  
providing a product warranty agreement warranting that when the one or more product monitors are properly used, the one or more product monitors will prevent excessive wear to the product and when excessive wear occurs, a warrantor will reimburse repair and/or replacement costs of the product.
2. (Original) The method of claim 1, wherein the product comprises vehicle tires.
3. (Original) The method of claim 2, wherein the one or more product monitors comprises one or more tire pressure monitors.
4. (Original) The method of claim 3, wherein each active tire on a vehicle includes one of the one or more tire pressure monitors.
5. (Original) The method of claim 3, wherein the one or more tire pressure monitors comprise one or more tire stem pressure monitors.
6. (Original) The method of claim 5, wherein each of the one or more tire stem pressure monitors comprises color-coded indicators that visually inform a vehicle operator whether a corresponding vehicle tire is underinflated.
7. (Original) The method of claim 1, wherein the purchaser is a purchaser of the product.
8. (Original) The method of claim 1, wherein the purchaser is a purchaser of the one or more product monitors backed by a product warranty agreement.

**Application No.** : 10/621,770  
**Prelim. Amdt.** : March 22, 2005

9. **(Original)** The method of claim 1, further comprising:  
installing the one or more product monitors on products to be sold; and  
offering the one or more product monitors backed by product warranty  
agreement during the sale of the product.
10. **(Original)** The method of claim 9, distributing the one or more product  
monitors to one or more sellers of the product.
11. **(Original)** The method of claim 10, further comprising sharing the  
revenue from the sale of the one or more product monitors backed by the product  
warranty agreement.
12. **(Original)** A product warranty program for preventing excessive tire  
wear due to improper inflation of active tires, the product warranty program comprising  
one or more tire pressure monitors backed by a warranty agreement protecting a  
purchaser of the one or more tire pressure monitors from tire repair and/or replacement  
costs related to improper performance of one or more tire pressure monitors.
13. **(Original)** The product warranty program of claim 12, wherein the one  
or more tire pressure monitors comprise one or more tire stem pressure monitors.
14. **(Original)** The product warranty program of claim 13, wherein each of  
the one or more tire stem pressure monitors comprises color-coded indicators that  
visually inform a vehicle operator whether a corresponding vehicle tire is underinflated.
15. **(Original)** The product warranty program of claim 12, wherein the tire  
warranty agreement includes different purchase prices relating to different coverage  
plans.
16. **(Original)** The product warranty program of claim 12, wherein the tire  
warranty agreement is offered at the time of the vehicle acquisition and/or purchase.
17. **(Original)** The product warranty program of claim 16, wherein one or  
more tire pressure monitors are installed on the vehicle prior to the acquisition and/or  
purchase.
18. **(Original)** The product warranty program of claim 16, wherein the  
vehicle is a new vehicle.

**Application No.** : 10/621,770  
**Prelim. Amdt.** : March 22, 2005

19. (Original) The product warranty program of claim 16, wherein the vehicle comprises are of a bicycle, motorcycle, automobile, a motor-powered machine, and a human-powered machine.

20. (Original) A product warranty program comprising:  
means for monitoring the pressure in a vehicle tire; and  
means for warranting that when the means for monitoring is used properly, a purchaser of the means for monitoring is protected from at least a portion of repair and/or replacement costs associated with excessive wear or damage to the vehicle tire due to improper inflation.

21. (Original) The product warranty program of claim 20, wherein improper inflation comprises underinflation.

22. (New) A system for preventing excessive tire wear due to improper inflation of automobile tires, the system comprising a written agreement entered into at a point of sale of at least automobile tires, wherein the written agreement protects a purchaser of the automobile tires from tire costs related to improper performance of one or more tire pressure monitors.

23. (New) The system of claim 22, further comprising the one or more tire pressure monitors.

24. (New) The system of claim 23, wherein the one or more tire pressure monitors comprise a tire stem pressure monitor for each tire.

25. (New) The system of claim 24, wherein each of the tire stem pressure monitors comprises color-coded indicators that visually inform the purchaser whether a corresponding vehicle tire is underinflated.

26. (New) The system of claim 23, wherein the one or more tire pressure monitors are factory installed on the tires of a new automobile.

27. (New) The system of claim 23, wherein each of the one or more tire pressure monitors provide an indication of tire pressure.

28. (New) The system of claim 27, wherein the indication of tire pressure is displayed on a dashboard of the automobile.

**Application No.** : 10/621,770  
**Prelim. Amdt.** : March 22, 2005

**29. (New)** A method of preventing excessive tire wear due to improper inflation of automobile tires, the method comprising:

creating one or more forms including an agreement between a car purchaser and a warrantor, wherein the agreement reduces to writing a program for protecting the car purchaser from tire costs related to improper performance of one or more tire pressure monitors;

providing the one or more forms to one or more car dealerships in anticipation of the car dealerships offering the program of the agreement to car purchasers during automobile sales.

**30. (New)** The method of claim 29, further comprising providing to the car purchaser the one or more tire pressure monitors.

**31. (New)** The method of claim 30, wherein the one or more tire pressure monitors comprise a tire stem pressure monitor for each tire.

**32. (New)** The method of claim 31, wherein each of the tire stem pressure monitors comprises color-coded indicators that visually inform the car purchaser whether a corresponding vehicle tire is underinflated.
